Dear David:

Thank you so much for the excellent job your company has been doing for my customers. After having you clean my personal home, I knew you were the company that I could trust to do an excellent job for my customers. Everyone has been pleased with your professionalism and quality work. You've been able to make carpets look clean and smell clean that I thought we would have to replace. The most impressive part is that you clean hardwoods and tile equally as well.

Again, thank you David, for making me seem like the hero and for making my homes look top-notch.

Best regards,

A handwritten signature in blue ink that reads "Judi".
